

STUDENTS RELATED INFORMATION

The Indian students community in Uzbekistan is relatively small and most of them are school going students. There are about 50 Indian school students, children of NRIs in Tashkent and employees of the Embassy of India. The prominent schools in Tashkent where children of Indian community pursue their school education include:

- Tashkent International School (TIS)
- The British School Tashkent (BST)
- Ulugbek International School

There are a number of higher technical institutes and medical colleges. However, the medium of instruction in most of them is Russian or Uzbek. The tuition fee for foreign students is also very high.

There are two universities campuses providing education in English language:

- Westminster International University in Tashkent (WIUT)
- Management Development Institute of Singapore in Tashkent (MDIST)
