Visa to visit India –General Information

In accordance with the rules and regulations of the Government of India, the Embassy grants visa, on on-line application, to those intending to visit India for tourist, business and other purposes.

Application for Indian Visa had been made online at <https://indianvisaonline.gov.in/visa/>.

Once the visa applications have been filled in on-line with the latest photo uploaded, the hard copy print out together with all required documents should be submitted to the Embassy along with the required fees.

Timings: All Visa applications are received at the Embassy of India, 3455, Sharkassiyeh, Ibn Al Haitham Street, Abu Rumaneh, Damascus, between 0900 hrs. and 1100 hrs. On all working days (i.e. Sunday to Thursday).

For other closed holidays for the Embassy, please check list of Holidays.

For foreigners (non-Syrian nationals), a reference will be made to the Indian Mission in their country of residence and would require additional processing time. The period of validity of all types of visas begins from the date of their issue. If visa is valid for more than 180 days, registration is compulsory within 14 days of first arrival in India. All categories of applicants visiting India are advised to observe their stay in India as per validity of their visas; overstay could invite legal action and non-issuance of visa in future by any Indian Mission/Post abroad. They are also advised to abide by the law of the land and not to misuse status of their respective visa granted by the Mission. Indulgence in any unlawful or undesirable practice or activity be dealt with strictly.

The Embassy reserves the right to refuse or reduce the period of visa applied for without assigning any reason. Visa fee is charged regardless of whether visa is issued or not, and is not refundable.

Please note: Visa applicant may please note that all the incoming passengers may require to undergo screening for COVID-19, SWINE Influenza A(H1N1) virus on reaching the airport in India. This may require quarantine, hospitalization etc. in case symptoms connected with flu are detected.
