SECURITY ADVISORY

Highlights

- *VBIED targets Canadian ISAF convoy*
- *Afghan Engineer kidnapped and stabbed to death in Laghman province*
- *Turkish Construction Engineer found murdered in Kabul*
- *Remote controlled mine targets ISAF convoy in Kabul*

Details

1. On August 29, 2006 at approximately 0745 hours, 5 kms away from Kandahar city on KAF road in the Shorandam area, a Vehicle based IED rammed into the side of a Canadian military vehicle and detonated. Two civilians and the suicide bomber were killed in the attack. There were no Canadian casualties however several military vehicles were damaged.
2. On the same day, at around 0230 hours, a group of six armed men kidnapped an Afghan Engineer working for a construction company from Qala-e-Samad, Tergari area in Mihtarlam, Laghman province who was later found stabbed to death near his camp. The motive for the death is not known.
3. On August 28, 2006, a Turkish construction Engineer was found murdered in a plantation in the vicinity of Police District 9 in Kabul. In another incident, on August 29, 2006 in Kabul at 0830 hours, a remote controlled mine targeted an ISAF convoy in the vicinity of Police District 15. No casualties/injuries were reported as the convoy was missed.
4. Embassy of India advises all Indian nationals residing in Kabul to take all security precautions and avoid movement unnecessarily. They are also advised to maintain safe distance from military / ISAF/ CF convoys while traveling on road and avoid market places in late evening.
