CPWD-6**CPWD-6 FOR e-TENDERING**

1. **The Executive Engineer, Redevelopment Project Division-II, CPWD, Vidyut Bhawan, New Delhi – 110011 (Telephone No: 011-23411136, FAX No: 011-23412356, e-mail: deleerpd2.cpwd@gov.in), on behalf of the President of India, invites online percentage rate bids in two bid system from eligible National/International Firms/ Consultants for the Design & Planning Firms for Consultancy Services for comprehensive Architectural & Engineering planning for the “Development / Redevelopment of Parliament Building, Common Central Secretariat and Central Vista at New Delhi”**

2. **Project Background:**

Architects Edwin Lutyens and Herbert Baker planned the Central Vista of New Delhi which houses Rashtrapati Bhawan, Parliament House, North and South Block, India Gate etc. All these iconic buildings were constructed between 1911-1931, the year in which the new capital was inaugurated. Thereafter no major building of such exemplary architecture has been constructed. However, few other buildings were built on various plots subsequently to address the office requirements of Central Ministries and Departments.

Parliament Building

Parliament House building was completed in 1927 and it is over 90 years old it has been declared Heritage Grade-I building. Its facilities and infrastructure are inadequate to meet the current demand. There is acute shortage of office space and there are no chambers for Member’s of Parliament. With the likely increase in number of seats in Lok Sabha due to reorganization, the situation will further aggravate. Therefore, there is an imperative need to redesign and redevelop the existing Parliament Building with the same outer façade or construct a new state-of-art building located in close vicinity.

Common Central Secretariat

Central Secretariat, at present, is spread over 47 buildings in Delhi, housing various Ministries, Departments, Attached and Subordinate Offices etc. The total number of Central Government employees working in these buildings is estimated to be 70,000. There are more than 30 buildings/plots in the Central Vista area which include:

- (i) Rashtrapati Bhawan, Vice President’s House, Parliament House, North Block and South Block;
- (ii) Various General Purpose Office Accommodation (GPOAs) like Udyog Bhawan, Nirman Bhawan, Krishi Bhawan, Shastri Bhawan etc.;
- (iii) Buildings of various Ministries like Jawaharlal Nehru Bhawan, Sena Bhawan, Vayu Bhawan, DRDO, Rail Bhawan etc.;
- (iv) Specific purpose buildings like National Museum, National Archives, Indira Gandhi National Centre for Arts, etc.; and
- (v) Buildings around India Gate such as Hyderabad House, Jamnagar house etc.

Out of the above, certain plots are in the form of hutments since Independence and are under-utilized. These include L&M Block near North Block, A&B Block near South Block, Plot No. 30 on Thyagraj Marg, Plot No.36 & 38, Jamnagar House and Jodhpur House. These hutments occupy an area of over 90 acres and house either Defense establishments or offices of various Ministries.

Most of the buildings in the Central Vista area are more than 40-50 years old and have either outlived or approaching their structural lives. Further Buildings constructed over 100 years ago such as North and South Block are not earthquake safe. There is shortage of working spaces, parking, amenities and services. The spread of Central Government Ministries and Departments in different locations leads to inefficiencies and difficulty in coordination.

Central Vista

The Central Vista, which is the main boulevard of New Delhi extending from Rashtrapati Bhawan to India Gate, is one of the most visited tourist places in Delhi. It is used for Republic Day parade and various other functions organized in the lawns/green spaces which showcase the Capital to the world. However, it lacks basic public facilities, amenities and parking. The unorganized vending and haphazard parking leads to congestion and gives a poor public perception. Therefore, there is a need for its up gradation.
