

International ITEC Training Program on Issues and Challenges in Promotion of Farmer Producer Organizations (FPOs)

(08 -21st August 2023)

Uniqueness of the Programme:

FPOs in India have demonstrated a global standards in terms of value chain development enabling the farmers to access modern, technology, inputs and better linkages for both domestic and international market. Thus, to share the Indian experiences to the Extension Functionaries in other countries, this training is being organised.

Learning Objectives of the program:

- To enlighten the participants about legal issues, National Policies for the Promotion of FPOs in India and other countries.
- To share different models of FPOs working in India and factors responsible for attaining success of these FPOs to attain the global standards.

Training Pedagogy:

Class room lectures, Experience Sharing, Interaction with domain Experts, Case analysis, exposure visits etc.

Benefits of the course:

The participants will have an opportunity to visit successful FPOs and also they will be exposed to knowledge repository of National and International organizations working on FPOs here in India.

Eligibility Criteria of the participants:

1. Reasonable level of experience in Public/ Private/ Civil Societies in Agriculture and allied sectors in the promotion and implementation of FPOs.
